

FOR IMMEDIATE RELEASE

A798 & A799 POS Printers Certified with Maitre'D Software

LINCOLNSHIRE, IL – November 5, 2008 – CognitiveTPG announced today that the company's A798 & A799 Point of Sale receipt printers are now certified for Posera's Maitre'D software, a leading provider of restaurant POS and management software solutions.

The Maitre'D software offers fully integrated applications that can be personalized to suit specific restaurant management needs, whether it's for an individually owned restaurant or an international franchise. Posera continually tests and certifies hardware devices to assure the quality and compatibility with its software. "The CognitiveTPG receipt printers easily passed our performance and quality testing – a good fit for the hospitality environment," said Mitesh Mandavia, Quality Assurance Specialist at Posera.

The A798 & A799 are the latest line of receipt printers from CognitiveTPG with built-in high speed performance, small footprint, liquid damn construction, and easy drop and load design.

"We see certification by Posera as a key enabler to providing our hospitality customers with access to cost effective tools and reliable printing solutions," said Angela Mansfield-Swanson, Director of Corporate Marketing for CognitiveTPG. "Our A798 & A799 receipt printers are uniquely designed to meet the needs of the hospitality market with best in class performance, unchallenged reliability, and an attractive price point."

For more information on the certification of the TPG A799 with Maitre'D, visit the Maitre D's hardware partner list: <http://www.maitredpos.com/partners/certifiedhardware/hardware.aspx?id=195>
