

Using CognitiveTPG's ReceiptWare Text Logo Feature with Windows 7

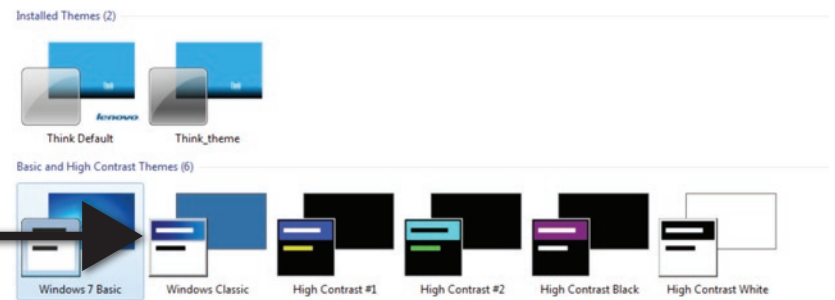

When creating a text logo using ReceiptWare in Windows 7, the box where the text normally appears may be blacked out.

To remedy, click Start from your Windows 7 menu and select Control Panel. In the Control Panel settings interface, select Appearance and Personalization.

Under Personalization, click Choose a Theme. Select Windows Classic theme to resolve the issue of blacked out text in ReceiptWare.

To return to your previous theme, repeat these steps and select your desired theme.
