

## CALIFORNIA PROPOSITION 65

### Compliance Statement

*California Proposition 65 (also known as the Safe Drinking Water and Toxic Enforcement Act of 1986) refers to the California legislation that was intended by its authors to protect California Citizens and drinking water sources from chemicals known to cause cancer, birth defects or other reproductive harm, and to inform citizens about exposures to such chemicals.*

*Based upon Cognitive TPG's current assessment, any exposure to CA Proposition 65 listed substances, from our finished products, are below the 'safe harbor' level determined by the State of California. Therefore, CTPG products do not require a California Proposition 65 warning label or statement.*

*Sincerely,*
