FOR IMMEDIATE RELEASE

## **Aldelo Systems Inc. Certifies CognitiveTPG's A798/A799 Receipt Printers**

**LINCOLNSHIRE, IL – April 18, 2012** – CognitiveTPG, leading provider of on-demand barcode and transaction printers, is pleased to announce that its A799 and A798 receipt printers are now certified to work with Aldelo's POS software.

The Aldelo For Restaurants software suite is a proven solution for thousand of restaurants and quick service operations around the world, offering software that enhances the customer operation and has an intuitive design. Aldelo's products are based on an open architecture, allowing the customer choices when it comes to hardware selection.

"Having our printers certified with Aldelo's software opens up opportunities for our value added resellers and gives Aldelo's customers the opportunity to look at CognitiveTPG A799 and A798 printers as a reliable printing solution. We are thrilled to have our printers certified with one of the leading hospitality software companies," said Kevin O'Donnell, Director of Channel Sales for CognitiveTPG.

The CognitiveTPG A799 & A798 printers are the only single station printers with an all-metal mechanism and steel frame that extends component life. It also offers an exclusive self-sharpening ceramic knife for extreme reliability, and its backward-compatibility to legacy and competitor models makes it easy to implement.

"The CognitiveTPG A799 and A798 printers passed our evaluation and testing. We look for printers that are functional and compatible with our software. They also need to be easy to set up and install. We go a step further and verify that the manufacturer offers reasonable warranty service and customer service. The A799 and A798 printers met our requirements" said Harry Tu, President of Aldelo.
